

Mock Éclairs

Submitted by Jan Beitz

- 1 small package of instant pudding mix (vanilla or banana cream)
- 1 ½ cups milk
- 1 - 8 oz. tub of Cool Whip
- 1 box of graham crackers
- 1 container of ready-to-spread chocolate frosting

Mix together the instant pudding and the milk with a whisk until the mixture starts to thicken. Fold the Cool Whip into the pudding mixture.

Place a layer of graham crackers in a 8" or 9" square container or pan.

Top with half of the pudding and Cool Whip mixture.

Place a second layer of graham crackers in the pan and cover with the rest of the pudding mixture.

Top with a third layer of graham crackers.

Frost with the chocolate frosting. It may be necessary to microwave the frosting in it's container for 30 seconds or so to allow it to spread easily.

Refrigerate for several hours or overnight before serving to allow the graham crackers to soften.

Store in the refrigerator.
